

MR. ROGERS, EXAM. BY MR. MERRICK

1 that should be in front of you. It should be just a
2 small -- it's coming. It's not in front of you yet.

3 COMMISSIONER What was that again, 35?

4 MR. MERRICK 35-D. And in particular, page 13 of that
5 bundle of documents. It's a letter from Mr. Frame to the
6 Department of Industrial and Regional Expansion in
7 Halifax, dated '87. It appears to attach or enclose or
8 deal with an application for financial assistance. Do
9 you know if that may have been the initial filing
10 application that started the process?

11 A. Yes. I'm not -- I have not seen the document itself
12 because this would be something that would exist at the
13 regional office of the Department, but the date is
14 consistent with my chronology, which is on one piece of
15 paper, as to when this started.

16 Q. All right.

17 A. And the first date on my private crib sheet here is
18 25 November, '87, Westray Application for Assistance
19 under A.E.P. So this must be the same document.

20 Q. All right. On that assumption -- and, in fact, we
21 turn back just to page 11 in that same bundle, it's a
22 printed --

23 COMMISSIONER Where is it dated? I can't see --

24 MR. MERRICK Well, down on the bottom right-hand side
25 there's a date of "November..."
