

MR. ROGERS, EXAM. BY MR. MERRICK

1 copy of that contract and hadn't yet gotten it?

2 A. Yes, that's right.

3 Q. And I assume there was a commitment from whoever
4 might have been there from the Provincial Government,
5 although I notice that the only governmental officials
6 would have been Mr. MacKay at that point. But that DRIE
7 was to get a copy of it.

8 A. I think it was Elmer who, at that point, offered to
9 facilitate breaking that loose.

10 Q. All right, and the CNR pressure you've told us about
11 and the DEVCO issue, again, would be the item you've told
12 us.

13 The next page over is a relative key document
14 because it sets out the six conditions which these
15 minutes refer to as being the outstanding issues, I
16 guess. And does that page summarize the outstanding
17 issues at that stage?

18 A. Everything that is there is included in the final
19 offer that was sent out to Curragh Resources on May 8,
20 1990 and went beyond.

21 Q. Just summarize them for me quickly. These
22 conditions as they appear on this page, I take it, were
23 the government's position?

24 A. Yeah.

25 Q. As to how these issues had to be addressed?
