

MR. CAMERON, EXAM. BY MR. MERRICK

1 Q. Can you quantify that for me? What do you mean by  
2 "often"?

3 A. Well, if -- you know, when did the rock falls start?  
4 What period of time was that?

5 Q. Well, it depends. The really serious ones, I guess,  
6 in about September when they started to get into the  
7 Southwest.

8 A. Yeah.

9 Q. They had had falls prior to that.

10 A. Yeah. You know, it would be times like that I would  
11 call because, you know, I was concerned. I wanted to  
12 know what -- I wanted to know what -- what was going on.

13 Q. Can you --

14 A. So there would be times that we would call a lot and  
15 be other times that we wouldn't.

16 Q. You would have attended Mr. Phillips' daughter's  
17 wedding?

18 A. That's another misconception. I didn't attend this  
19 wedding. I went to the reception after. And I think, to  
20 put that in the proper context too -- [Laughter from  
21 audience]. Well, listen to the laughter. You know, the  
22 fact is that people are asking for the truth and then  
23 when they hear the truth, they don't want to hear it. I  
24 don't understand that concept. I don't understand how  
25 this is going to help the healing process.
