

MR. CAMERON, EXAM. BY MR. ROBERTS

1 would have not caused the explosion, correct?

2 A. Well, the methane fire would go to a place it -- it
3 would find enough methane to explode. And I would
4 suggest that blocking vent pipes with black plastic might
5 make -- might be a contribution to that.

6 Q. Do you have any evidence, sir, that vent tubing was
7 being blocked in that heading on the morning of May the
8 9th?

9 A. I --

10 Q. And if you do, sir, I suggest you give it to the
11 Commissioner because it's vitally important to this
12 Inquiry.

13 A. I've just listened to Mr. Dooley testifying and read
14 his testimony, that's all.

15 Q. Yesterday Mr. Merrick reviewed with you a number of
16 memoranda that you -- that Mr. Phillips, or other Curragh
17 executives, had written to file, and which they in --
18 basically, described various contacts with yourself. Do
19 you recall that evidence?

20 A. Yes.

21 Q. And those memoranda repeated contents of
22 conversations that you were alleged to have had with Mr.
23 Buchanan or with other Cabinet Ministers?

24 A. Well, that was Mr. Phillips' view of it, yeah.

25 Q. Mr. Phillips also reported discussions that you'd
